

A 501(C)(3) NONPROFIT ORGANIZATION

Presents to Partners our Annual

Ice Cream Social

May 30, 2026 | 1013 W. Magnolia Ave. Fort Worth, TX

As a decade-long anchor of the arts landscape in the Near Southside Arts Cultural District of Fort Worth, **SiNaCa Studios School of Glass and Gallery** is a 501(c)(3) nonprofit that elevates and educates in the art of glass. We employ and exhibit talented glass artists and empower individuals and our community through creativity and self-expression.

SiNaCa partners with other local organizations that are committed to advancing art education and appreciation in North Texas. We create accessible opportunities for local artists to learn and grow in the glass arts by providing public programming and community demonstrations.

After our Ice-cream Social, we power down our molten glass furnace for the summer. Funding raised from this event goes toward servicing and upgrading our equipment and maintaining our historic building on Magnolia Avenue. The goal of this fundraiser is to build capacity for the Fall 2026 operational schedule, which is critical to enabling the organization to present our programming in the community.

Our Ice Cream Social event is a family-friendly event showcasing glass sandcasting workshops and symbolizes a time for reflection, play, and how community can make a lasting impression on the arts.

We invite you to join us for sweet treats and enjoy the community vibe with our neighbors.

Enjoy some cold ice cream on this hot summer day!

Partnership Benefits at a Glance

Your Partnership Supports:

- Accessible glass art education programs.
